

Oak and Willow Home Learning Ideas for School Closure w/c 13.7.2020

EYFS – Marvellous Me!

Starting with a Story – The Koala Who Could

Our final story of the year is a beautiful one! Set in Australia it tells the story of Kevin the Koala who likes everything to stay the same, to do what he likes and not to try anything different or new until one day he has to and then he finds there are so many things he can do....

You can find it online here

<https://www.youtube.com/watch?v=VcdVsRfUbjk>

and look out for one last story telling on Tapestry on Monday.

Let's Celebrate!

As this extra-ordinary year comes to an end, this week's home learning is all about taking time to think about everything that you have done over the last four months since school was closed and celebrating special moments and achievements.

Before school was closed many of you were able to take home the 'Marvellous Me' box and then bring in and share special things from home about you with your class. We loved this weekly session and want to give everyone a chance to join in, whether you had a turn before March or not!

We would love to see photos or videos of what you are really proud of or something that you have really enjoyed doing or that was really special over the last few months. We know that many of you can now ride your bikes without stabilisers, have grown flowers and vegetables, learnt how to do new things from playing the piano to how to look after a new pet, become a big brother or sister, helped out with home improvements from building patios to painting sheds, become fabulous readers, artists, gymnasts, scientists, mathematicians and so much more. So select your highlights and share them with us, we can't wait to see what you choose!

Look out on Tapestry for special films from all the Early Years staff to say good bye and good luck next year, as well as share some of the things they enjoy and achievements they are proud of. We really hope that you will enjoy them.

Have a lovely final week!
