

COMMUNITY COHESION POLICY

At Nunnery Wood Primary School, we aim to build mutual respect through our school ethos, aims and values and attempt to take positive steps to promote equality and tolerance.

We strive to foster excellent and valued relationships between children, staff, parents, governors and all professional agencies, our local community and local groups.

We believe in contributing and working towards a society in which:

- There is a **common vision** and **sense of belonging** by all communities
- The **diversity** of people's backgrounds and circumstances is appreciated and valued
- Similar **life opportunities** are available to all
- **Strong** and **positive relationships** exist and continue to be developed in schools, in the workplace and in the wider community

PURPOSE OF THE POLICY

The aim of this policy is to outline the key role that school has to play in promoting community cohesion, and define the various approaches the school will take in order to realise these aims.

COMMUNITY FROM A SCHOOL'S PERSPECTIVE

For schools, the term 'community' has a number of dimensions including:

The school community - the children it serves, their parents, carers and families, the school's staff and governing body, and community users of the school's facilities and services;

The community within which the school is located - the school in its geographical community and the people who live or work in that area. This applies not just to the immediate neighbourhood, but also to the city or local authority area within which a school is located (Worcester/shire);

The UK community - all schools are by definition part of this community;

The global community - formed by international links.

RESPONSIBILITIES

The staff, governors and The Villages' Multi-Academy Trust, are responsible for preparing the children to live and prosper alongside people from many different backgrounds.

We need to ensure that we:

- Provide opportunities for interaction between pupils from different backgrounds
- Consider how aspects of our work already supports integration and community harmony
- Take stock of what has worked so far, for us and other schools and consider the scope for a more explicit focus on the impact of our activities on community cohesion

WAYS OF PROMOTING COMMUNITY COHESION

Our school promotes community cohesion through various activities:

Within the school:

- Charity support
- Sharing good practice (INSET etc.)
- Collaborative working on projects

With parents and the local and wider community:

- Allowing community groups to use the hall, field as a letting etc.
- Enabling parents and community members to make suggestions, for school to consider to make improvements for all children
- Supporting parents with difficulties

APPROACHES TAKEN AT NUNNERY PRIMARY SCHOOL

Our school is a multi-culture school serving the needs of a diverse community. We work hard to develop the pupil's understanding of our multi-culture community, and to give our pupils opportunities to learn with, from and about those from different backgrounds.

We achieve this through our approach to:

- **Culture and ethos of the school:** Every child matters to us
- **Learning and teaching:** teaching pupils to understand others, promoting discussion and debate about common values and diversity
- **Equity and excellence:** removing barriers to access and participation, offering equal opportunities to all our pupils to succeed at the highest level possible
- **Engagement and extended services:** providing opportunities for children, young people and their families to interact with others from different backgrounds

CULTURE AND ETHOS

Working with all staff and children, we have created a 'Values Tree' that incorporates key qualities and learning behaviours that we feel are most relevant to us at Nunnery Wood Primary School. We believe it is vitally important that these core values, are at the heart of everything we do and are central to the ethos of the school.

LEARNING AND TEACHING

Teaching and curriculum provision (Religious Education, PHSE, collective worship and assemblies that supports high standards of attainment, promotes common values, and builds pupils' understanding of the diversity that surrounds them;

Lessons across the curriculum that promote common values and help pupils to value differences and challenge prejudice and stereotyping;

A programme of curriculum based activities whereby pupils' understanding of community and diversity is enriched through fieldwork, visits and meetings with members of different communities;

Support for pupils for whom English is an additional language to enable them to achieve at the highest possible level in English.

EQUITY AND EXCELLENCE

- A focus on securing high standards of attainment for all pupils irrespective of ethnic background or socio-economic status
- Systematic tracking of pupil's progress in academic subjects and emotional, social and behavioural development
- Providing equal opportunities for all to succeed
- Removal of barriers to access and participation in learning activities and eliminating variations in outcomes for different groups
- Effective policies and practices in place to deal with incidents of prejudice, bullying and harassment
- Ensuring that admissions policy and practice do not deter parents from particular communities from applying
- Ensuring that recruitment of staff and staffing policies promote community cohesion and social equity
- Analysing and comparing of data with other similar data nationwide; this would facilitate our understanding of success and areas for development for our school in the overall field of Community Cohesion

ENGAGEMENT AND EXTENDED SERVICES

Through our curriculum planning, bringing visitors into the school, making visits to other communities, listening to our 'pupil voice', working closely with parents in learning partnerships etc. can enhance the understanding for our pupils about diversity and the society in which we live, thus developing the necessary skills in order for them to become valued and valuable members of the future community in which they live.

School to school:

Work in partnership with schools across the Trust and Worcester City.

Partnership arrangements to share good practice and offer pupils the opportunity to meet and learn from other young people from different backgrounds;

School to parents and the community:

Working with members of the community by encouraging them to visit school to work with pupils;

Strong links and multi-agency working between the school and other local agencies, such as the youth support service, the police and social care and health professionals;

Engagement with parents through e.g. open days, curriculum workshops and other events;

Engagement with the governing body and 'friends of the school' through meetings and social events linked to the school.
