

Nunnery Wood Primary School

Tuesday 25th January, 2022

Dear Parents and Carers,

I acknowledge that it is frustrating that nationally restrictions are easing, but within school we have an outbreak that we are doing everything possible to manage. Thank you for engaging with daily testing which I know can be challenging for some families, due to the age of the child or lack of LFD tests.

Risk Assessment

As you are all aware we have implemented our outbreak management plan. I am in regular contact with Worcestershire Local Outreach Team (LORT). They have advised us that it is unavoidable transmission within our school community, both inside and outside of school.

Therefore, because of the current situation in school we will retain our COVID measures until at least 9th February. Members of SLT will review our risk assessment week beginning 7th February and inform you whether measures can be eased.

- All classes are in year group bubbles.
- All staff will continue to wear face coverings in communal areas unless they are exempt;
- We will continue to limit the number of staff in our communal areas (staffroom/toilets);
- We will continue to limit the number of parents onsite and social distancing will be in place;
- At drop off and collection times, we ask that all adults and high school children wear a face covering (unless exempt);
- We ask that only one adult/high school child comes onsite to drop off or collect their child or brother/sister.

Remote Learning when absent from school

We believe that it is important for all children to have access to their education, but the management of this has been impeded by self-isolations regulations and Covid cases amongst staff/children.

If your child is isolating because they have had a positive result then please continue to contact their class teacher via email for advice on home learning. The class teacher will be able to provide links and guidance to support learning at home.

We advise that all parents continue to read on a daily basis with their children. All children should be able to access bug club. If you or your child is unsure of their login details then please contact their teacher. Children in Key Stage 2 have access to timetables rock stars which is a fantastic way of supporting the mental maths skills.

We know that whenever cases rise within school that understandably anxieties rise too. However, DFE state that it is a legal requirement for your child to attend school, they should be in school every day if they are well enough to do so.

Thank you for your continued support during these challenging times. We appreciate that many of you might be juggling work and family commitments during self-isolation. Any support that you can give to your child whilst they are isolating (if they are well enough), will help them to continue to progress academically despite having to self-isolate due to the current pandemic rules.

Thank you for your continued support,

Kind regards,

Mrs Higgins & The NWPS Team
